ABOUT US

VNIT, NAGPUR

Located in Nagpur, Maharashtra, India, Visvesvaraya National Institute of Technology (VNIT) is a renowned engineering school. In 1960 it was established and in 2002 it was designated as a National Institute of Technology. With an emphasis on research and innovation, the campus provides undergraduate, graduate, and doctorate programmes in a variety of subject areas. In addition to hosting prominent cultural and technical events, VNIT has strong industry contacts and good placement rates. An impressive network of graduates from the institute works in many different sectors. A top option for engineering education in India is VNIT, which is renowned for its academic achievement.

ABOUT US

PRAYAAS

Prayaas is a student organization at Visvesvaraya National Institute of Technology (VNIT) in Nagpur, India. This Club is inspired by the vision of Dr. A.P.J. Abdul Kalam of making education compliant to societal needs and providing knowledge connectivity to rural India. The idea of contributing one's self to the society or in fact, repaying the society with what it has bestowed on us is an urge that couldn't be trapped within for a long time. It's known for its various initiatives and activities aimed at social welfare, education, and community development.

Prayaas Club has grown into a concrete well planned activity supported by the Technical Education Quality Improvement Program (TEQIP), Govt. of India.

RENAISSANCE

Renaissance is a national level social conference attended by students from premier technological, managerial and medical institutions across India. This platform facilitates the extrapolation of technical expertise in respective fields to social issues that plague our country.

WHY TO PARTICIPATE?

Guest lectures by eminent social workers inspire and guide the students to utilize the power of education through innovation for a humanitarian cause.

This event is a rare opportunity to witness the exchange of brilliant ideas through open discussions, university level projects undertaken by peers towards a social cause and expanding connections while gaining valuable knowledge from like minded individuals.

The NGO visit will help students understand the grass root level problems and devise a solution henceforth developing their practical knowledge .

Harnessing the power of youth in transforming the lives of the underprivileged.
